Parents and guardians, please make sure your child comes with their individual supplies (labeled with their name) the first week of school. Each child will have their own individual bin to hold all supplies. They may bring any extra markers, colored pencils, or any additional personal supplies to keep in their bin. That being said, those supplies will be their own responsibility. We will have all supplies needed, but they are always welcome to bring extra.

The classroom supplies are by donation only. The supplies listed are always needed, but are not required.

If anyone has any questions about the supply list, please send me an email, and I can get back with you soon! I am so ready to have an awesome year with everyone and hop to talk soon!
