

Meet Your

Hippo TEACHER

Hello...

Hello! My name is Oriana. I was born in... I have been part of the SSA team for almost two years now! I have enjoyed working as the lead teacher in the Hippos for the past year. I have a true passion for teaching. I love everything about working with children, but especially when I make a special connection with each child and family. I just finished my Associates Degree in Child Development. My ultimate goal is to continue to create a loving and nurturing environment in the Hippo classroom. I want SSA to be a second home to families and their children.
