

Meet Your

Pre-K TEACHER

Hello...

Hey everyone! I am beyond excited to start working with my new students! I went to Cherokee High School followed by Georgia Military College. I graduated from Georgia Military College with an Associates Degree in Early Childhood Education. I have my Bachelors Degree in Early Childhood Education. While in college, I played college softball for three years. After college, I married my husband, and his military career relocated our family to California for a couple years. While in California, I worked as an elementary one-on-one teacher. I live in Woodstock Georgia with my husband and daughter. I am excited for a school year!
