

Meet Your

Turtle TEACHER

Hello...

Hello! My name is Paola and I was born in Venezuela. In Venezuela, I had the opportunity to work with children in a Summer Camp Program. It was then that I discovered my passion for teaching children. Before teaching I worked as a business administrator. I relocated to the United States about seven years ago with my husband. I wanted to grow professionally and learn more about teaching so I enrolled in a Child Development Associates Program. I love what I do and I love to watch the Turtles in my class grow and learn each day. Each day is a new experience in the Turtles classroom! I consider myself a creative person who is always willing to learn. My goal is to keep the children in my class happy, loved, and engaged. I know with LOVE we can accomplish anything!

Assistant Teacher: Ms. Yaha
Assistant Teacher: Ms. Eva
